**Legend**

Service Availability -> ENABLED      Reachable Destination  
Service Availability -> RESTRICTED      Unreachable Destination. We are working on reaching roaming agreements with them  
OA preserved -> Yes      Recipients will be able to see the MSISDN of the sender  
OA preserved -> No      Recipients will not see the MSISDN of the sender intact  
Reply Possibility -> Yes      Recipients are able to reply to the message sent  
Reply Possibility -> No      Recipients are not able to reply to the message sent.  
Reply Possibility -> No      The destination may reply if you have a roaming agreement with its network  
Can Initiate -> Yes      Network Operators able to initiate a message

Can Initiate -> No  
Digits

Network Operators not able to initiate a message.  
The destination may initiate if you have a roaming agreement with its network  
Maximum length in the number range of the operator
